

# The Cincinnati and Dayton Chapters of The International Facility Management Association

Invites you to the  
**3rd Annual Trade Show**

## CONTINUING EDUCATION OFFERED

### **Net Zero** presented by **Steve Melink:**

Steve Melink is President of Melink Corporation, a provider of energy-efficiency and renewable-energy products and services for national restaurant, retail, supermarket, and hotel chains since 1987.

Steve is a licensed Professional Engineer in the State of Ohio and holds a BSME degree from Vanderbilt University and MBA from Duke University. He is also a member of the U.S. Green Building Council and board member of Green Energy Ohio.

Melink Corporation's new headquarters in Cincinnati is the first LEED-Gold certified office building in the State of Ohio. The company also leases a fleet of hybrid vehicles for many of its employees. Steve's goal is to help advance the sustainability movement and lead by example.

### **Energy Rebates-** presented by Duke Energy. (see attached pdf)

ss-bro-oh-proof-print  
.pdf

### **Vegetative Roofs-** presented by David Hart of Tremco

Identify the ecological and economic benefits of vegetated roofs. Differentiate between Intensive, Semi-Intensive and Extensive Green Vegetated Roofing systems. Identify design considerations and avoid common issues in Green Vegetated Roofing design.

### **Balanced Fire Protection** – Presented by Silco Fire Protection

Stay current with the latest fire protection technologies, fire codes, and service requirements. This comprehensive presentation will cover:

- Portable fire extinguishers
- Pre-engineered and engineered fire suppression systems
- Sprinklers and fire pumps
- Fire alarms and monitoring
- Exit and emergency lighting
- Fire training

Prior to and following the presentation, practice extinguishing a fire with Silco Fire Protection's **\$40,000 Fire Training Simulator**.

**DATE**

**Thursday, March 19, 2009**
