**SEPTEMBER MEETING NOTICE**

**Golf, Anyone?**

**\*\*Legendary Run Golf Course\*\***

Phone: (513) 313-7478

Fax: (513) 398-9048

Email: [ntanner@rcme.com](mailto:ntanner@rcme.com)

Join members of the Cincinnati Chapter in a fun day of golf as we raise money for ASHRAE Research.

Legendary Run Golf Course

915 E. Legendary Run  
Cincinnati, Ohio 45245

Cost Includes: Green Fees, Cart, Refreshments and Prizes

Shotgun Start at 9:00 AM

Steak Dinner At the Club House Immediately following Golf

Golf and Door Prizes will be given out at the Dinner

**\$100 for both golf and dinner.**

Hole sponsorships still available for \$100 each.  
See attached flyer for details.

**New Member Promotion: Starting in October, you can bring a prospective member to one meeting for FREE. Just be sure to make them a reservation and note that they are a prospective member.**

## A Note from the President

Does summer really have to end? Let's keep it going a few more days – see you at the golf course for a joint outing with the Cincinnati Chapter.

Take a look at the great programs we have planned for this year – make plans now to attend every one!

**MEMBER DUES ARE NOW DUE!** If you paid through national, thank you. If you haven't paid yet (or don't get a bill from national), local dues of \$85 are due now. Make checks out to Dayton ASHRAE and send it to Jeremy Fauber, PO Box 3202, Dayton, OH 45401. Please mark it "Dayton ASHRAE Local Dues".

## Chapter Regional Conference

The "CRC" Chapter Regional Conference for Region V was held in Kalamazoo, Michigan on August 9-11<sup>th</sup>. This Conference is held every year and is attended by ASHRAE Society Officers and Staff along with members from the 13 Chapters in Region V to discuss information for the proper operation of a successful Chapter, report on chapter activities, review Society level activities, present nominees for Society Offices, receive awards and have a little fun with other ASHRAE Members. The Dayton Chapter was represented by Tom Ferdelman and wife, Greg Cohron and wife, Jeremy Fauber and wife, Denny Lammlein and wife, Colleen Haun and husband, and Russ Marcks. The Dayton Chapter was awarded the Presidential Award of Excellence "PAOE" with Honor Roll for the 2006/07 Year. Dayton has received this award 28 out of a possible 36 years that the award has been available. Denny Lammlein received the Full Circle award in Research Promotion and Tom Ferdelman received the Gold Ribbon History Award. Next year's CRC will be held in Ft. Wayne, Indiana.

### **Help Wanted Ads**

We have been asked by a number of members to furnish employment want ads for ASHRAE Members. Want ads do appear in the ASHRAE Journal and in many other Chapter Newsletters. The Board decided to try it in next months Newsletter and in the future, if needs still require. The cost for a quarter page ad for one month would be a fee of \$50.00 payable to Dayton ASHRAE. All ads will also appear on the Dayton ASHRAE website. It is expected that all revenues for this service will be earmarked for ASHRAE Research. Send information direct to Newsletter Editor Lorraine Kapka with a check to Treasurer Jeremy Fauber, PO Box 3202, Dayton, OH 45401.

## Coming Events 2007/2008

- September, 2008 Golf Outing with Cincinnati ASHRAE**
- October 8, 2007 DINNER MEMBERSHIP PROMOTION NIGHT**  
**Chilled Beam Cooling Systems**
- November 12, 2007 DINNER STUDENT NIGHT and RESEARCH PROMOTION NIGHT**  
**Control System Integration**
- December 10, 2007 LUNCH What's Up with Codes?**
- January HOLIDAY PARTY, date TBD**
- February 18, 2008 REFRIGERATION NIGHT**  
**Refrigeration tour, Dayton Bombers Game**
- March 10, 2008 DINNER ASHRAE Distinguished Lecturer on Global Warming**
- April 9, 2008 Tour TBD**
- May or June 2008 Spring Golf Outing**

## Student ASHRAE News

The organization is always looking for speakers or sponsors for HVACR activities on Sinclair's campus. Contact

[Lorraine.Kapka@sinclair.edu](mailto:Lorraine.Kapka@sinclair.edu) or 512-4501 if you or your company are interested in participating.

## Research Promotion News

The following individuals will be recognized at our November Research Promotion Meeting: Mike McGarvey, Mark Spears, Bob Patterson, Tom Ferdelman, Sidney Hagan, Jim Albitz, Ken Bailey, Lorraine Kapka, Rick Pavlak, Joe Ferdelman, Al Watton, Denny Lammlein, and Jim Davidson.

Each contributed a minimum of \$100 to make them eligible for ASHRAE's Honor Program. And each of the following companies contributed at least \$150 to meet the company eligibility criteria: Helming Lienesch LLC, Weber Huff, Inc., Heapy Engineering, and Dayton Trane.

Want to see your name on this list next month? Use the attached form to make a contribution to ASHRAE Research – you'll be glad you did!

Denny Lammlein, Research Promotion Chair

## Dayton Engineer Receives ASHRAE Exceptional Service Award

**LONG BEACH – Thomas J. Ferdelman, P.E., has received an Exceptional Service Award from the American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) during its annual meeting held here June 23-27.**

**The Exceptional Service Award recognizes Distinguished Service Award recipients who have continued to serve the Society faithfully and with exemplary effort.**

**Ferdelman is senior mechanical engineer, Heapy Engineering, Dayton, Ohio.**

**Through his volunteerism, Ferdelman has helped build ASHRAE's education program. His first Society-level activity was in 1976 on the Education Committee, which investigated the advantages of joining Accreditation Board for Engineering and Technology (ABET). ASHRAE remains a member of ABET today. Ferdelman also served on an ad hoc learning institute committee that helped guide the Society's development of its educational program, now known as the ASHRAE Learning Institute. He served as Region V director and regional chair on the Board of Directors from 1989-1992, and currently is serving as president of Dayton Chapter, an office he first held 36 years ago.**

**He received the Distinguished Service Award in 1990. ASHRAE, founded in 1894, is an international organization of 55,000 persons. Its sole objective is to advance through research, standards writing, publishing and continuing education the arts and sciences of heating, ventilation, air conditioning and refrigeration (HVAC&R) to serve humanity and promote a sustainable world.**

## [PE License Renewal](#)

**Just a reminder:** Beginning in 2007, Ohio PE Registration renewal requires 15 CPDs. The PE Registration Board does not pre-approve courses nor does the board pre-approve providers. Each Registrant is responsible for their hours and to make sure that the courses they take meet the requirements and must include technical, ethical or managerial content. Typically 50 Minutes of content would account for one CPD. There are many ways to obtain CPD's just to mention few as outlined by the Ohio PE Board are as follows:

1. Completion of courses offered by a professional of trade organization, university or college, or offered in-house by a corporation, or technical presentations conducted at meetings, conventions conferences sponsored by a corporation, other business entity, professional or

technical societies, association agency or other group.

2. Teaching relevant courses (does not apply to full-time faculty – only applies to courses being taught for the first time).

3. Authoring papers.

4. Completion or auditing of college courses.

5. Being an officer or committee member (2 CPDs) of an engineering society i.e, ASHRAE.

They do not accept self-directed study courses. You must keep your own records (see attached suggested log sheet). I feel that our typical technical ASHRAE meetings would count for credit. However, I suggest you check the BOD's web at <http://ohiopeps.org> (click on "Renewals> CPD" located just under the heading) for more complete and accurate information.

Tom Ferdelman

**Need a little help? Consider a co-op or student intern from Sinclair's 2-year HVACR Engineering Technology Degree Program.**

## [Dayton ASHRAE History](#)

Last year, the Newsletters covered the early history of Dayton ASHRAE from 1959 thru 1980. The history covered some technical information on the various years, but the technical information that we know of has already been recorded and is updated every year. The new history covers some personal information on the president for the year but mostly information on the company that employed him and their history; this adds a new depth to our present one page technical history. This year we will start with 1981 and cover a few more years.

The President for 1981 was Bob Dickerson. He was employed by Eaton Cutler Hammer. If anyone knows anything about Bob or Eaton Cutler Hammer, please let me know because I did not know Bob or his firm very well. I will be asking for information from the following past Presidents: Mike Nauman 1981/82, Bob Stan 1982/83, Jack Putnam 1983/84, Mark Rae 1984/85, Denny Lammlein 1985/86, Bill Bissmeyer 1986/87, Tom Homan 1987/88, Rodger Hawkinberry 1988/89, Dennis Helmig 1989/90, Rick Huff 1990/91, Phil Van Styn 1991/92, Dave Schmenk 1992/93, Chris Hampel 1993/94 and Mark Neiheisel 1994/95. The exact number of presidents we cover in a year depends how much information I receive from each past president.

## **Contribution Form**

Thank you in advance for your commitment to ASHRAE Research! Remember, this is our livelihood. ASHRAE's research and educational programs are what keeps our industry and profession on the leading edge and assures its continued existence. Confident that you will recognize the benefits of this investment, I am asking you to help fund the future HVAC&R research and professional development.

# Continuing professional development (CPD) activity log

**4012**

All CPD activities and courses must be relevant to the practice of engineering or surveying and must include technical, ethical or managerial content.

This form is required for tracking your CPD hours for Ohio P.E. and Ohio P.S. registration annual renewal. This form does not replace copies of your certificates of completion or other documentation required by Ohio Revised Code Chapter 4733.151. Fifteen (15) CPD hours are required for Ohio registration renewal. A maximum carryover of 15 CPD hours are allowed per year. For information about the Board's CPD requirements, go to our website at <http://ohiopeps.org/cpd/index.html>.

This CPD activity log is provided for your use and must be submitted to the Board ONLY when requested by the Board.
